## FOREWORD

The National Institute on Alcohol Abuse and Alcoholism (NIAAA) and the National Institute on Drug Abuse (NIDA) are pleased to present the 1984 National Directory of Drug Abuse and Alcoholism Treatment and Prevention Programs. The Directory is based on data obtained from the National Alcoholism and Drug Abuse Program Inventory which is carried out with the cooperation of State alcohol and drug abuse agencies. This Inventory, known before 1984 as the National Drug and Alcoholism Treatment Utilization Survey (NDATUS), gathers information regarding the drug abuse and alcoholism services available in the 54 States and territories of the United States. The Directory comprises all alcoholism and drug abuse service providers responding to the September 1984 survey. The inclusion of approximately 10,700 alcoholism and drug abuse service units in this year's directory reflects the success of this effort. We are grateful to all those who participated in the 1984 survey.

This document should provide an important resource for those seeking referral information about treatment, prevention, and other services in alcoholism and drug abuse programs. We hope that the publication of this joint directory will stimulate further communication and cooperation within the alcoholism and drug abuse treatment and prevention communities.

Robert G. Niven, M.D.

Director

National Institute on Alcohol  
Abuse and Alcoholism

## INTRODUCTION

The National Directory of Drug Abuse and Alcoholism Treatment and Prevention Programs is a compilation of approximately 10,700 Federal, State, local, and privately funded agencies responsible for the administration or provision of alcoholism or drug abuse services throughout the United States and its territories. The information included in this directory was extracted from the 1984 National Alcoholism and Drug Abuse Program Inventory. Through this survey, conducted by the National Institute on Alcohol Abuse and Alcoholism (NIAAA) and the National Institute on Drug Abuse (NIDA), in conjunction with the States, information was collected on alcoholism and drug abuse services available, and clients in treatment as of September 28, 1984.

The directory has been prepared to serve as a resource for program managers, treatment personnel, researchers, and others interested in the location of alcoholism and drug abuse units. The directory includes treatment, prevention and other service units (e.g. administrative, educational, research). All units that indicated they provide treatment services are listed in the directory. In addition, numerous prevention and other service units are also listed. This directory reflects a special effort to include increased numbers of prevention units and driving while intoxicated (DWI/DUI) programs.

This publication consists of four sections: (1) State authorities; (2) State prevention contacts; (3) alcoholism and drug abuse programs; and (4) Veterans Administration medical centers. All sections are organized alphabetically by State name. In States where there are separate alcoholism and drug abuse authorities, the alcoholism authority is listed first. Within each State, the entries are alphabetized by city and then by program name within city. Each program listing consists of the unit's name, address, telephone number, and types of services. The types of services available are designated by coded entries on the last line for each program. These codes are defined in a key which is printed at the bottom of the first page for each State.

A limited number of single copies of these directories are available from the Clearinghouses of the National Institute on Alcohol Abuse and Alcoholism and the National Institute on Drug Abuse. Additional copies may be acquired through the Government Printing Office, Washington, DC.

Treatment, prevention, or other service units not listed in this directory can be included in future surveys and directories by completing the information on the last page of this directory and returning it to the address shown.

## KEY

In our attempt to make this year's Directory an even more valuable resource, we have included a coding line for each unit listed in the Directory. This line will enable users to determine, at a glance, the Orientation, Function, Types of Care, and availability of Specialized Programs at each unit. The coding key is reproduced at the bottom of the first page for each state, as follows:

### \*\* KEY \*\*

ORIENTATION:	FUNCTION:	TYPE OF CARE:
A: ALCOHOLISM SERVICES	T: TREATMENT	I: INPATIENT
D: DRUG ABUSE SERVICES	M: METHADONE	R: RESIDENTIAL
AD: ALCOHOLISM & DRUG ABUSE SERVICES	P: PREVENTION	O: OUTPATIENT
<b>SPECIALIZED PROGRAMS:</b>		
1: BLACKS	2: HISPANICS	3: AMERICAN INDIAN/ALASKAN NATIVE
6: ELDERLY	7: PUBLIC INEBRIATES	8: VETERANS
		4: WOMEN
		5: YOUTH
		9: DISABLED

#### ORIENTATION:

Indicates whether a unit has described itself as providing alcoholism services, drug abuse services or both alcoholism and drug abuse services.

#### FUNCTION:

Indicates whether the unit provides treatment, methadone, or prevention or more than one of these functions.

NOTE: The form contained an "Other" category to be used for administrative units, education programs, and drinking driver programs (DWI/DUI). Since the specific function could not be determined, the "Other" code is not included in this key.

#### TYPE OF CARE:

If the unit provides treatment, this code indicates whether the unit provides care in the following environments: Inpatient, Residential, Outpatient. Units that provide only prevention or other services were not requested to report this item.

#### SPECIALIZED PROGRAMS:

Indicates whether the unit provides specialized programs for the following specific population groups: Blacks, Hispanics, American Indian/Alaskan Native, Women, Youth, Elderly, Public Inebriates, Veterans and Disabled.

NOTE: The absence of a number in the coding line indicates the unit checked "Other" or "Not Applicable," which were options on the form, but are not included in the key.

We hope the inclusion of this new coding line will be beneficial to the users of this Directory.
